

Letter Of Reference

Ostrów Tumski was once an island connected to the right bank of the Oder river by a bridge. Today this is the location of The Bridge Wroclaw MGallery Hotel. A 5-star luxury lifestyle hotel that offers a range of 184 stylish rooms, including some top of the range suites, overlooking the river, or the Cathedral. The Bridge also links history with contemporary vibes, industrial design mingles with history. The interiors are decorated with large-format graphics of 19th-century Wroclaw, reproductions of collections from private owners and The National Museum. It is a reference to the Gothic style, but the hotel also provides high-tech solutions, such as keyless entry to the guest rooms, electronic panel control of all in-room lighting and climate control.

The provider of this solution was Ekoncept company, a listed technology partner.

The system consists of:

- Guest Room Management System (GRMS)
- Building Management System (BMS)
- Keyless/mobile access control system to guest rooms

The system fulfills requirements of the Guestroom Management System (GRMS) design brief for Accor Hotels - Luxury and Premium brands and interfaces with Oracle Opera PMS.

Ekoncept in co-operation with INTEREL, Schneider Electric and SALTO Systems, has provided sophisticated automated hotel guest solutions. The budget of the provided solution exceeded PLN 3 million.
